GLASS SHELVES

Corner spaces are often underutilized, but glass corner shelves allow you to make the most of the areas like the Bathroom, living room kitchen, Dining area, home office, study room, and entryway. They fit seamlessly into corners, providing additional storage or display space without taking up valuable floor space.

The transparency of the glass makes the shelves visually light, creating a sense of openness. This can be particularly beneficial in smaller rooms where you want to avoid a cluttered or cramped look.

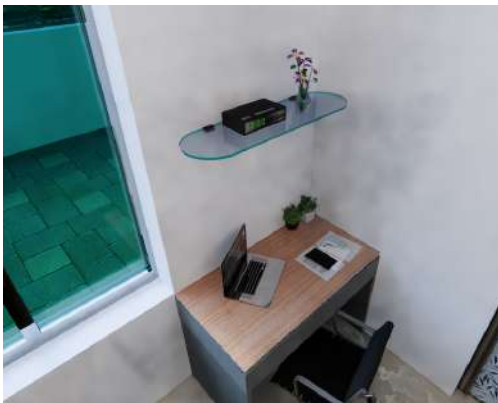

Wall Mounted Glass shelf

These Places Need it!

Bathroom, Shower

In bathrooms, glass corner shelves can be used for storing toiletries, towels, or decorative items. The open design prevents the shelves from looking too bulky, which is especially advantageous in smaller bathrooms. Glass corner shelves in the shower keep bath products neatly organized and within reach.

Home Office / Study Room

Use glass corner shelves to showcase decorative items such as awards, sculptures, or art pieces. This can add a personalized touch to your office or study space.

Glass shelves are great for storing office supplies such as pens, notepads, and other stationery items. This helps keep your workspace tidy and accessible.

Living room, Bedroom

To display decorative items such as vases, sculptures, or art pieces, The transparent nature of glass allows the items to stand out without overwhelming the Living space.

In bedrooms with limited space, use a glass corner shelf as a nightstand alternative. It provides a place for a few nighttime essentials without taking up much floor space.

Kitchen, Dining room

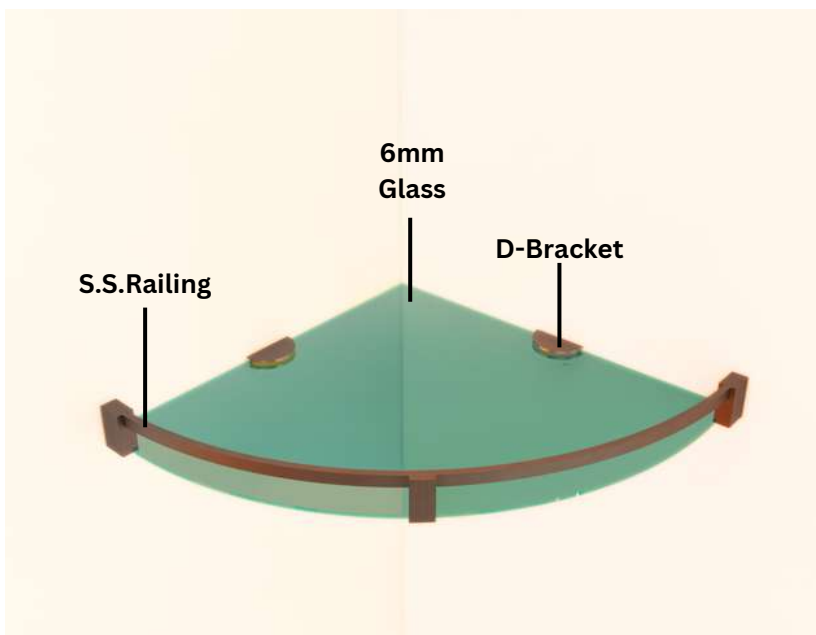

Use glass shelves to store and display spice jars. This not only keeps your spices organized but also adds a visually appealing element to the kitchen.

To showcase seasonal or decorative centerpieces for your dining table it complements your dining room's aesthetic.

Fittings

Glass Corner Shelves – Easy to Install and Long-lasting.

Corner shelf is a must-have accessory that can make life easy in your living room, bathroom, workplace, bedrooms and practically any place! It gives a convenient and compact spot for you to quickly place and grab your daily essentials like you car keys, your mobile phone charging station, your current good-read books, toiletries etc.
